

The Hip Hop Producer is a bundle of 4 products offering everything you need to create Hip Hop music. *Ableton Live Lite Arturia Edition* is the production environment in which you open instruments, samples and loops. *Analog Factory Hip Hop* is a top-notch synthesizer loaded with 250 relevant presets, while *Lounge Lizard Session* offers the electric pianos heard in so many Hip Hop tunes. *Modernbeats Hip Hop Sounds* adds samples and loops to the equation. With the Hip Hop Producer, 4 reference manufacturers partner to bring you a reference solution.

ANALOG FACTORY hip hop

Analog Factory Hip-hop offers 250 legendary synthesizers' sounds, all essentials in the hip-hop producer's arsenal. From classic phat bass riffs to crystalline digital pads, this virtual instrument provides the urban musician with a broad, versatile and instantly striking sonic palette. Based on TAE®, Arturia's award winning proprietary technology for analog emulation, Analog Factory is a real synthesizer which allows you to build and save your own sounds.

Analog Factory Hip Hop edition

- Value \$99/99Eur
- Virtual synthesizer playable through a MIDI keyboard
- 250 synthesizer sounds dedicated to hip-hop production
- All preset are carefully selected from the Arturia Classic Synths: the Minimoog V, the ARP 2600V, the Moog Modular V and the CS-80 V.
- Smart preset manager: fast filter the presets to your requirements, by instrument, type, characteristics.
- Organize presets view by Name, Instrument, Type, CPU Usage, Favorite or user Presets.
- Straightforward editing: only the key parameters are accessible to modify the sounds (filter, LFO, Chorus and Delay mix, ADSR envelope).
- 8 Snapshots buttons
- Optimize your screen space (preset manager only, keyboard only, both at the same time)
- Full compatibility with major formats and hosts on Mac OS X and Windows XP or Vista (VST, AU, RTAS)

Ableton Live Lite customized version of Ableton Live.

Live Lite provides a fresh and easy way to write music, features for audio recording and production as well as powerful tools for live performance. It's not time-limited and you can save and mix-down your work.

All the fundamentals of Live 8 are included: Live's intuitive workflow, Session View, Arrangement View, effects and two software instruments: Simpler (a sampler) and Impulse (for drums). Live Lite also includes 200 MB of audio loops from Loopmasters and 50 Instrument Racks (tweakable instrument plus effect configurations) so you can start making music straight away.

Ableton Live Lite 8

- Intuitive audio recording and MIDI sequencing
- More than twenty built-in audio effects, including a host of creative delays, filters, distortions, studio compressors and EQs
- Includes two software instruments: Simpler for creative sample-based synthesis, and Impulse for dynamic, sampled drums
- Supports VST and AU effects and instruments
- Real-time time-stretching and warping of AIFF and WAV files for DJing and instant remixing
- Tweak Live's controls in real time with any MIDI controller: just MIDI map it
- All editing of your musical creations are non-destructive so you can experiment without worries
- Integrated single-screen user interface for simple, creativity-focused operation
- ReWire Master and Slave, to integrate with other music software
- MIDI Out for controlling hardware and MIDI Sync for use with external sequencers
- MP3 import makes working with your music library much easier
- Track Freeze, to relieve your CPU
- Tempo Nudge, to sync up with live musicians and turntables
- Brand new content from the Ableton Suite 8 Library
- Crossfades (in the Arrangement View) for seamless edits
