

# Sequel Content Sets

---

**Tagline**

Turn Sequel into your favorite sound machine

**Positioning Statement**

*"Sequel Content Sets turn Sequel into a fully-fledged music factory for your favourite music genre! With hundreds of outstanding audio loops from top producers, each Content Set offers a stunning array of loops to ignite song ideas and fuel your creative flow. Conveniently organized into easy-to-use construction kits, the Sequel Content Sets are so easy to access that you can get them into your projects straight away. Demo songs are included to show you the full creative potential of each Content Set. These unique Content Sets are a must-have for Sequel or Cubase owners into any of these specific genres!"*
