

KOMPLETE SYNTHS

Four advanced instruments that encompass every imaginable synthesizer sound. KOMPLETE SYNTHS brings together the cream of software synthesizers into one all-inclusive package. Separately they are multi-award winning synths of the very highest calibre. Together, ABSYNTH 4, MASSIVE, FM8, and PRO-53 form an unbeatable, pioneering force at the leading edge of synthesizer technology.

ABSYNTH 4

- ▶ Unique semi-modular synthesizer combining multiple synthesis and sampling techniques
- ▶ Flexible 68-breakpoint envelopes with step sequencer create organic, evolving sounds

FM8

- ▶ High-resolution FM synthesizer with crystal-clear digital sounds and simplified editing
- ▶ Powerful, graphical sound morphing feature, arpeggiator, and onboard multi-effects

MASSIVE

- ▶ New wave scanning oscillators generate raw and edgy analog and digital sounds
- ▶ Clear panel layout with colorful Saturn knobs and drag-and-drop modulation assignment

PRO-53

- ▶ Authentic emulation of the legendary Prophet-5™ analog synthesizer
- ▶ 24dB low/hi-pass filter with resonance; onboard chorus, flanging and echo effects
