SUPREME SOUNDS

From hip-hop to film scores, pop to techno, rock to classical and beyond – KOMPLETE 6's 7,000 presets and 60 GB of samples have it all covered. Everything from dirty synths to heavenly choirs, pounding drums to full orchestras, subtle pads to screaming leads – it's all ready to play in premium quality.

KOMPLETELY NEW...

KOMPLETE 6 includes the following brand-new instruments and effects:

KONTAKT 4 (NEW!) - 'THE INDUSTRY STANDARD SAMPLER'

More powerful than ever, KONTAKT 4 comes with seven huge Instrument Collections forming a library of over 44 GB. An unrivaled feature range allows everything from pristine playback and extra-ordinary tweaking potential, to absolute creative freedom.

ABSYNTH 5 (NEW!) - 'ADDICTED TO SOUND'

The legendary synthesizer with over 1,700 presets for evolving atmospheres, delicate pads, and complex soundscapes. Combining multiple synthesis and sampling techniques with the revolutionary Sound Mutation Technology.

GUITAR RIG 4 PRO (NEW!) - 'PERFECT CUSTOM TONE'

GUITAR RIG 4 PRO is the ultimate all-in-one guitar and bass solution. Now featuring more amazing amps, cabinets, microphones and effects than ever before – GUITAR RIG 4 PRO sets the tone for excellence.

...IN GOOD COMPANY

Also included in KOMPLETE 6:

BATTERY 3 - 'CHARGE YOUR DRUMS'

BATTERY 3 is a dedicated drum sampler with a vast library of premium drum kits. A highly impressive engine and a host of sound shaping options deliver tight, punchy drums from a user-friendly interface.

MASSIVE - 'MAXIMUM SONIC IMPACT'

The formidable sound monster for fat basses and piercing leads; from creamy analog sounds to dirty, brute force audio. Analog in concept, the high-end engine with new Wave Scanning Oscillators delivers pure quality.

FM8 - 'THE POWER OF DIGITAL'

Crystal-clear, airy, and razor-sharp digital sounds ideal for melodies and percussion. Alongside the 950 instantly playable presets, patches from classic FM hardware units can also be loaded. FM synthesis has never been so easy and dynamic.

REAKTOR 5 - 'THE FUTURE OF SOUND'

REAKTOR 5 is an extremely versatile instrument studio. Modular architecture lets you create your own sounds. Choose from the vast factory library, or from 3,000 pre-made instruments in the online User Library.
